WILSON WILL MAKE NO SPEECHES IN 1913.

WASHINGTON, March 21.-President Wilson will not accept an engagement which calls for a public speech until after the end of the current year. The President made this assertion to a numbe of Washington clergymen and laymen who called at the White House and asked the President to address a mass meeting on April 27, when the inter-denominational religious movement

The President told his callers he had enacted what he called his "solf-denial ordinance," which he intended to obcorve. This ordinance, he said, was in effect a determination to make no public speech and to attend no public gatherings until the close of the present cal-erdar year. There is only one excep-tion, the President said, that of attend-ing the dinner of the Gridiron Club here.

All tenants must know that the jantter has charge of the house. Organized janitoring has put all this over in many a New York apartment and tenement house. But yet it appears that janitors ever shall be slaves-at least in their own estimation. For when I showed the flat from Chicago to Jasper Mann, janitor in a big apartmnt house in West One Hundred and Eleventh street, he sighed the gloomy jani-

One thing, though, they're always askin' me, an' that's to fix things up. They seem to think a janitor ought to know all about plumbin' and gas fixtures an' carpenterin', an' in fact be a regular jack of all trades. An' they look so reproachful when I have to pass up a job.

I try to help them is any way I can, but they don't ask me to do eutrageous things, possibly because I'm a woman. But what if the solution of the janitrees? That's what I wondered after I had taken my little despatch from Chicago to Mrs. Blanche Caldell, a woman who has entire charge of a large apartment house on the lower west side.

"A woman can get along all right as a janitrees if only she has test. If she approaches tenants in the right way they will do anything she

And tired feelings I heartily recommend Hood's Sarsaparilla, which I have used in my family for years and think a very fine medicine. I had salt rheum badly on my face, and humors that seemed to come from or be developed by vaccination. I knew my blood must be in very poor condition. Hood's Sarsaparilla was recommended and I took a few bottles. The humor entirely disappeared, and I have had no trouble from it since.
